Letters From Satisfied Customers

We hired Jean and her team to perform at our Manager/Supervisor leadership forums this month. We were on a short time frame and it came together very well. Her flexibility and promptness made it happen. She wrote the songs, tweaked the scripts, and improv'd where appropriate. The response was overwhelmingly positive. There was seriousness in the topics, but fun in the execution, which the audience (of about 400+ each day) appreciated (as did I). The audience was very engaged, and learned something at the same time. I would hire Jean again in a heartbeat. **Patty Skerl, Senior OLPD Consultant at Cleveland Clinic**

Your show was just the right combination of entertainment & humor that our very "Techie" group needed during the business sessions at our conference. THANKS!!! - for a job well done. **Kurt Steensland, Manager, Meeting Services General Mills Inc.**

Just a note to thank you for a great performance at our party on June 12. Everyone thoroughly enjoyed it (especially Bernie). My personal favorite was the "duct tape"-don't leave home without it. **Diane Campbell Ernst & Young LLP**

Your contribution to the introduction of the Progressive collection, another important part in the internal and external communication of our identity, was terrific. Your complete formulation of the show incorporating just the right balance of humor and messaging was superb. Once again thanks for making our show yours and a success for everyone. **Glenn M Renwick, President & CEO Progressive In**

(but wait, there's more!)

(What'd I tell ya?)

The reviews are in and the opinion of the critics is unanimous; the skit you performed as the coup de grace for our supervisory session on employment-related laws was both hilarious and well-done. More importantly, it served the goal of providing a vivid example of the type of conduct supervisors should avoid. The skit was made all the more effective (and funny) by your insistence on including the references to our supervisors. Everyone is still basking in the afterglow of being the "Boys From Maintenance." **Sincerely, Vince Slusarz General Counsel Kinetico Inc.**

We've heard nothing but rave reviews for the whole day, but especially your show and our new hit singing group. ... the VP's. Even they admit they are glad we twisted their arms. Jean, thanks for helping make this a great day. You were terrific! Perhaps I can help calm a worried party planner out there. **Thomas R Frayberg, Manager, Human Resources Corporate Staff Eaton Corporation**

Thank you for the marvelous job. The response that I've received from the franchisees community has been overwhelmingly positive, and your participation played a major role in that. Thanks again. **John (Jay) F. Ripley, President and Chief Executive Officer Precision Tune Inc.**

Just a note to tell you that a treat it was to have you as the "new MFSA spokesperson " at our recent reception at the "Rock & Roll Hall of Fame". The act provided the needed boost in the middle of the event to keep things going. Everyone had such a good time! If you need a reference from a satisfied customer, please call us. Good luck in the future. **Dennis R. Hanlon (Sonny) President, Metal Finishing Suppliers Inc.**
